

**DYMO**

Free MYOB Add-On

Need labels in a hurry?

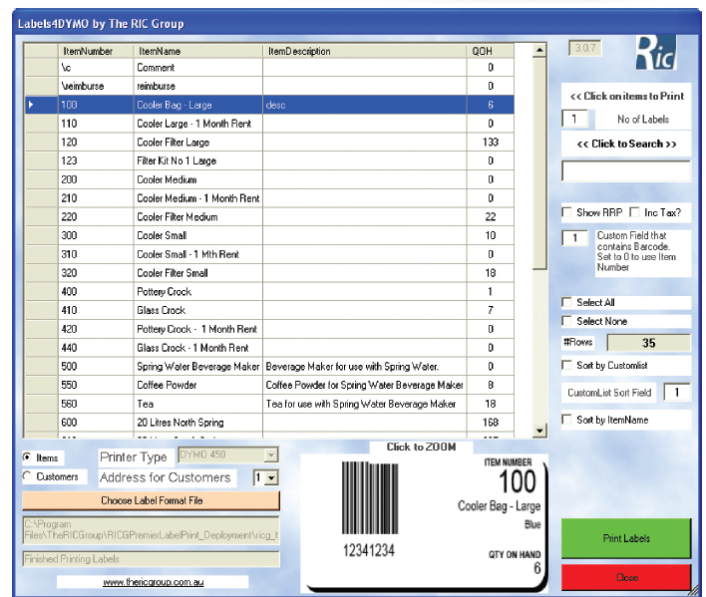

Labels4Dymo is a free download for users of MYOB that enables the printing of stock and mailing labels on a DYMO LabelWriter printer.

Print labels directly from your MYOB database and include ItemNumber, ItemName, Description, Pricing, barcodes, customer names and addresses.

The latest version includes:

- Customer information (such as address details for shipping labels)
- Item and customer search
- Label preview
- Formatting for currency and numeric fields.

It also supports the new DYMO LabelWriter 4XL for wide format label printing (up to 100 mm wide).

Download the approved add-on today from MYOB-preferred development partner The RIC Group
